Troy spoke about the meeting held in Western Australia held recently. There is a new club over there interested in being ASRF affiliated.

South Australian Rodders have cars entered in the Adelaide Show (similar to Sydney's Royal Easter Show - not the Auto Expo in November). They are manning a stand over there for the 9 days that the show will be opened.

Looking to doing some fun things - such as a map of attractions around the country with a challenge to photograph your car at the locations and posting it. Maybe some form of award.

Tasmania 2027 Nationals - planning going well.

2028 - 2029 - still in their infancy.

Troy has access to the NSW membership - so he can now confirm if a person has current membership - if required for registration.

General Business:

- 2027 - Please refer to the proposed meetings for 2027. Please come back to the October meeting with your thoughts and comments.
- Warren Gore Bequeathment has been transferred to the Liberty Rodders bank in the account established in Warren's name. Gary said that he would look to put the bulk of our investment account into a 12-month Fixed Term deposit.
- Another question was about the intention to attend other locations within New South Wales to hold weekend meetings. Even with Zoom, there is still an interest in proceeding with this.
- While not rodding related - to all rodders - remember to keep up to date with your medicals. We need you here.

VALE

Garry Warnes

**Australian National Street Machine
President**

Garry took over after the passing of Graham Stubbs. I had known Garry since we were 18 years old. He was into Torana Hatch backs, SS Commodores and bikes. We both grew up around the hills district.

Garry was one of the driving forces behind the ACMC CVS Registration Scheme for pre-78 vehicles. When I was elected as NSW State Director, he quickly brought me up to speed in what we were dealing with. We had many a chat and phone conference to sort everything out. He was a pleasure to deal with in all aspects.

We have a CVS scheme that has been running well with minimum amounts of fuss. This is proof that Street Rods and Street Machines can work together in harmony for a common goal.

RIP my friend until we meet again. A true legend of the Modified Car Community.

His funeral Service will be at Newcastle Memorial Park 176 Anderson drive Beresfield on Wednesday 9/9/2026 at 2.00pm for those who can make it.

Yours Sincerely

David Clift

ACMC Representative
